**TUESDAY, OCTOBER 7TH, 1947**

Featuring a hand-picked group of Polled Shorthorns from the strongest herds in a five-state area selected with a view of meeting the requirements of all buyers—bulls that will work improvement wherever they may go, and heifers that will make great breeding matrons.

**KINDLY BRING THIS CATALOG TO THE SALE**

## FOREWORD

This is the fifth year that the Sioux Empire Polled Shorthorn Club, Inc., has been active in promoting the interests of Polled Shorthorns and during that period it has been instrumental in distributing seed stock that has contributed to the popularity of Polled Shorthorns among cattlemen in a half dozen states.

The first sale was made in the fall of 1943 when members of the Club sold 21 bulls and 43 females to buyers from seven states. Annual sales have been held each October since the initial event, and there has been a noticeable improvement in the quality of the cattle from year to year and a corresponding increase in the appreciation of the buyers.

The cattle cataloged for the forthcoming sale are a decidedly desirable lot and they provide evidence that the consignors look upon these sales as promotional events rather than as occasions for the disposal of surplus stock. With scarcely an exception, the cattle listed for this sale were held in reserve by the individual consignors while waiting the proper time to enter them in the sale.

The females in the offering comprise a well bred group of heifers, a considerable number of them carrying calves by outstanding sires, and they provide as good an opportunity as will be available anywhere this season to select valuable foundation material. Men desiring to strengthen established herds as well as those who want to lay the foundation for valuable breeding herds of Polled Shorthorns will find it to their advantage to be present when these heifers are sold.

The bull end of the offering is likewise an attractive one and it contains more real herd bull prospects than any of the previous offerings made by the Club. The bulls entered in the sale include a number whose individual merit and blood lines qualify them for service in good pure bred herds and breeders may attend the sale knowing in advance that they will be able to make highly satisfactory herd bull selections. The needs of all cattlemen have been considered in selecting the bulls for this sale and cattlemen engaged in the production of top quality commercial cattle may select herd bull material here that will work improvement in their commercial herds.

## **FREE FREIGHT OFFER**

The Polled Shorthorn Society is making a Free Freight Offer as follows: The Society will prepay the freight charges up to \$100.00 a car for ten or more head purchased at this sale and shipped to one point by one or more buyers, provided the shipment is made by rail to points more than 300 miles distant from the sale.

# THE MEMBERSHIP

The Sioux Empire Polled Shorthorn Club, Inc., has been actively identified with the promotion of Polled Shorthorns since it was organized at Canton, South Dakota, in the spring of 1943. Polled Shorthorn breeders recognized its possibilities for usefulness and the membership grew until the Club closed its first year with 43 members.

Interest in the Club has continued from year to year and it is as pronounced at this time as it has been at any time since the Club was organized. Men actively engaged in the production of Polled Shorthorns realize it has become an important factor in promoting the breed and they are giving it their active support.

We invite all breeders of Polled Shorthorns, and others interested in the progress of the breed, to become members. Our members have Polled Shorthorns to sell at all times and interested parties are invited to call upon them. The 1947 membership with officers and directors indicated follows:

SUPERB COMMANDER 2d is a dark red son of Lord Collynie x and is a bull we had considered using in our own herd. He is too closely related to some of our females, however, and we are consigning him to the Sioux Empire sale as an attraction. He is about as great a herd bull prospect as ever left Superb Farms and has about everything a great sire needs. Look him over sale day and see for yourself.

**VALLEY VIEW AUGUSTUS** is from one of the best cows we have ever owned. Valley View Compact, from the same dam, was used some before we sold him in the 1946 Congress Sale. One of his calves, Valley View Sensation, is being retained as our junior herd bull. Valley View Augustus is masculine headed, heavy boned, and rugged. With his good dark roan color and rich breeding, he should head a top herd.

**DAKOTA VIEW ROAN LADY** is one of the sweetest heifers we have raised. She should be good because her dam is an outstanding individual and always raises a top calf. Note the beautiful head and color of this heifer. When you see her, you will want to own her.
